MEMORANDUM FOR THE RECORD

SUBJECT: Reinterview of [REDACTED]

[REDACTED] testimony regarding the mirror in 225 Chestnut Street was at variance with other testimony. If there had been a mirror as [REDACTED] stated, it would have had to have been in a locked closet off of the backroom where the recorders were operated. When asked again about the location of the mirror, [REDACTED] was less certain of its existence. He asked to confer with [REDACTED]. The two talked about the layout and afterward [REDACTED] told me he now believed there was no mirror. He stated he originally believed there was a mirror because he had been told so by Feldman.
